

ATA 95s

CZ SINCRO

	Banana Cable - 1.2m	1 black & 1 red	Non twisting cable extension with 6.0 mm banana socket connectors.
	Stacking Banana Cable - 1.2m	1 black & 1 red	Non twisting extension cable with search case connection.
	0.8mm Flat Test Lead to Female Banana Socket	3 male, 3 female	Used on 0.8 mm flat terminal output connection.
	1.2 mm Flat Test Lead to Female Banana Socket	4 male, 4 female	Used on 1.2 mm flat terminal output connection.
	2.0 mm Flat Test Lead to Female Banana Socket	4 male, 4 female	Used on 2.0 mm flat terminal output connection.
	2.5 mm Flat Test Lead to Female Banana Socket	3 male, 3 female	Used on 2.5 mm flat terminal output connection.
	3.0 mm Flat Test Lead to Female Banana Socket	4 male, 4 female	Used on 3.0 mm flat terminal output connection.
	5.0 mm Flat Test Lead to Female Banana Socket	3 male, 3 female	Used on 5.0 mm flat terminal output connection.
	6.0 mm Flat Test Lead to Female Banana Socket	3 male, 3 female	Used on 6.0 mm flat terminal output connection.
	1.5 mm Round Test Lead to Female Banana Socket	3 male, 3 female	Used on 1.5 mm round terminal output connection.
	2.0 mm Round Test Lead to Female Banana Socket	3 male, 3 female	Used on 2.0 mm round (plate) terminal output connection.
	3.5 mm Round Test Lead to Female Banana Socket	3 male, 3 female	Used on 3.5 mm round terminal output connection.
	4.0 mm Round Test Lead to Female Banana Socket	3 male, 3 female	Used on 4.0 mm round terminal output connection.

KIT DI ADATTATORI PER MISURE ELETTRICHE

- Serie completa di adattatori e dispositivi per misure su sensori e attuatori. Semplifica e velocizza le misure con i tester in tuo possesso, consentendo la ricerca dei guasti in un numero sempre maggiore di sensori ed attuatori elettronici che equipaggiano i veicoli di nuova generazione.
- Il Kit contiene in totale 95 pezzi, adatti per ogni tipo di contatti di cui sono dotati sensori e attuatori. Una valigetta per il trasporto, di peso contenuto (1.7Kg), consente di mantenere in vani adeguati e in ordine ogni adattatore.
- Questo Kit è un aiuto prezioso per l'operatore che esegue una ricerca e una verifica specifica di guasti segnalati da lettori di codici difetto o difficili da verificare con la normale dotazione degli strumenti di uso comune.
- Ideale per uso con multimetri ed oscilloscopi.

Photo	Description	Qty	Application
	Piercing Clip	1 pack of 100	Insert through insulation wires, without cutting or damage to insulation for quick and easy connection.
	Test Probes	1 pack of 100	Detects live test probes when cable extension during testing.
	Alligator Clips	1 pack of 100	Ideal for battery terminals or clip connections.
	Variable resistor with dial indicator (R0K2 ± 10%)	1pc	New variable resistor with dial indicator. Quick and easy way of resistance adjustment without the risk of a false reading. Suitable for resistance loaded sensors.
	Polarity/Pulse Checker	1pc	Red or Green LED will light up when correct polarity is maintained. The polarity LED will not light up when incorrect polarity is maintained. LED is green for correct polarity.
	LED Stripscope	2 pcs	For checking a series of terminals for correct polarity. Also allows for logical comparison between terminals. LED is red for correct polarity, LED is green for correct polarity.
	3-way Extension	20pcs	Female Banana socket to Dual In-Line Banana Plug connector. One to Banana connectors.
	Antilag/SPS Simulator	20pcs	Used to confirm SPS Antilag power input by connecting Antilag to check the way that circuit behaves working at new SPS level. (Power 7.0V, 7.0V, each of 2.0, 2.2 & 2.7 Ohm resistors are provided).
	Mini Fuse Adapter	1pc	Power branch out adapter for Mini Fuse.
	ATC Fuse Adapter	1pc	Power branch out adapter for ATC Fuse. This new design makes the fuse fit the fuse due to cable failure from the SPS electronic control system.
	Mini Fuse Adapter	1pc	Power branch out adapter for Mini Fuse. This new design makes the fuse fit the fuse due to cable failure from the SPS electronic control system.
	Active Probe	20pcs	Used to connect connectors with small gauge wires from the connector input.

Item	Photo/Qty	Item	Photo/Qty
Piercing Clip	100	Mini Fuse Adapter	1
Mini Fuse Adapter	1	ATC Fuse Adapter	1
ATC Fuse Adapter	1	Mini Fuse Adapter	1
Mini Fuse Adapter	1	Polarity/Pulse Checker	1
Polarity/Pulse Checker	1	Variable Resistor	1
Variable resistor with dial indicator (R0K2 ± 10%) (New Design)	1	LED Stripscope	2
LED Stripscope	2	LED Evening Light	2
3-way Extension	20	one to two form	2
Antilag/SPS Simulator	20	SPS Replacing ang Tapping Device	2
Probe with Cap	2	Measure Stick	2
Alligator Clip	100	Crocodile Clip	2
Active Probe	20	Vehicle Type of Probe	4
Banana Cable 2m	1	Stacking Banana Cable	1
Stacking Banana Cable 1.2m	1	Flat Shaper Connector	4
Flat Test Lead (Plate and Female) Sizes 0.8, 1.2, 1.5, 2.0, 2.5, 3.0, 3.5, 4.0, 5.0, 6.0	4	Round Shaper Connector	4
Round Test Lead (Male and Female) Sizes 1.5, 2.0, 2.5, 3.0, 3.5, 4.0	4	Light Weight EVA Carry Case	1
Light Weight EVA Carry Case 270 x 170 x 110 (26 x 27 x 10.8 cm)	1	Heavy Plastic Case	1
Heavy Plastic Case 260 x 160 x 110 (25.6 x 15.7 x 10.8 cm)	1
